

February 2, 1955

Miss Helen Voorhees
Mount Holyoke College
South Hadley, Massachusetts

Dear Miss Voorhees:

Last fall you were instrumental in putting me in touch with Mrs. Robert S. Goodwin, Cumberland Center, Maine, telephone 9-5556, with whom I talked. At that time she would not have been free until December but since then other things have happened so that I did not get further contact with her. I want to thank you for your courtesy to me.

I am sending you under separate cover a book by my wife which it is hoped will be used to tell the story of America abroad. Some day we will stop and see you and she will autograph it for you if you so wish. I have sometimes questioned whether, in the interest of higher education, a book like this should not be in the library at Mount Holyoke.

I am also enclosing a brochure describing the book which brochure states that it can be purchased from The Dorr Foundation as well as bookstores. The Foundation took the financial responsibility for its issuance and is now interested in another edition.

Trusting I may see you some time, either here or at your place, and with much appreciation,

Sincerely,

John V. N. Dorr

Enclosure (brochure)
