Mr. Malcolm Muir, Publisher
Newsweek Magazine
Newsweek Building
New York, New York

Dear Malcolm:

I have wanted to call your personal attention to the book, "Mother and Child", sent to your Review Department by Harpers and written by my wife, Nell Dorr. The publication date is September 22. I hope you will have a chance to see it as you will realize how much pride I feel in it.

Its publication has been made possible by The Dorr Foundation, of which I have told you, and many people to whom it has been shown feel that eventually it should be sent abroad as a messenger of good will from America.

We were abroad this summer and it was shown to leading publishers on the Continent who felt it had a message of the spiritual side of America to deliver over there.

Kindest regards.

Sincerely,

John V. N. Dorr
Chairman
