Mr. John V. N. Dorr
99 Park Avenue
New York 16, New York

Dear Mr. Dorr:

My wife and I have been perusing the material you send me on June 21st with a great deal of interest.

"Mother and Child" certainly gives the impression of being a very fascinating and touching piece of literature and it is possible that sometime in the near future, we will take the opportunity of purchasing a copy.

My understanding from Mr. Slade is that you are a very active person and from other evidences in society as a whole, I would say that you are promoting many activities of benefit to society.

My sincerest thanks for your note of the 21st.

Very truly yours,

George C. Murphy, Jr.
