Dear Doctor Dorr:

I am most grateful for the copy of "Mother and Child" by Nell Dorr, which you were so thoughtful and kind in sending to me. The pictures and studies are exquisitely beautiful and the effects achieved are perfectly astonishing in their originality and "liveness." The text and the poems are really gems of grace - and I shall enjoy rereading and rereading them. Thank you both for letting me enjoy this lovely work of art.

I do not believe that it would be difficult to encourage anyone's interest and desire to own a copy of this book. One's first reaction is "Where can I get a copy?" In showing it even to the staff thus far, the ball has started rolling in this connection.

Again with my deep thanks and appreciation, I am

Most sincerely yours,

Eunice Thomas Miner
