New York, New York

Gentlemen:

We are pleased to send you herewith a copy of the book "Mother and Child", together with various articles and publication commenting on it.

It is the wish of the Dorr Foundation to have this book as widely circulated as possible and the thought occurred whether there might not be an outlet for it with the books published by your Museum.

As the Museum of Modern Art has the finest photographic department of the New York museums, we feel confident that the production of "Mother and Child" would find many appreciative friends among the Museum's members and/or visitors.

The Dorr Foundation would be very happy to send you 25 copies of this book in consignment if circulation through the Museum's channels would be possible.

We may add, should you desire further comment on the rating of this work and its author, you might wish to contact Mr. Edward Steichen. You may also recall that the exhibit at your Museum "The Family of Man" included four of the author's photographs.

Please let us hear from you at your early convenience.

Sincerely yours,

John V.N. Dorr
