Dr. & Mrs. John Van Nostrand Dorr  
Weston Road  
Westport, Connecticut

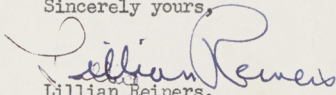

Dear Dr. & Mrs. Dorr:

May I express my personal thanks to you for the beautiful  
MOTHER AND DAUGHTER contribution to our nursing school library.

The nursing faculty welcomes its exquisite portrayal of  
mother and child relationship as a great contribution in teaching  
student nurses.

I am most grateful to you for the gift which can be  
shared with all our young student nurses. I feel certain they will  
be stimulated to a better understanding of the beauty of motherhood  
and the delight of the infant and child.

Sincerely yours,

  
Lillian Reiners,  
Director, School of Nursing  
and Nursing Service
