Dear Mrs. Booth:

Thank you for your letter of the 21st.

I am sending you by mail five copies of "Mother and Child," together with some copies of comments on it, and a story about the author as published in the Fairfield County Fair. This material may be of interest to purchasers of the book. The price is $4.50.

I shall give myself the pleasure of dropping in and meeting you some time and shall be very much interested in finding out if they are able to be of service.

Sincerely,
