Dear Mr Dorr:..

Please forgive a p.c.,as we are just back from my annual three weeks holiday,which has to betaken in spring. I shall appreciate having the copy of the book,autographed. I ordered one from the publisher when in Beaufort,for the Genl Theol Library,here in town,as our Diocesan Lib-rary buys ~~scertian~~ certain books,for them,as a loan,and the Mother and Child seemed a fitting one for them,as their books circulate throughout N.E.-mostly amongst parsons. I belive that the Old South must have the "slipper",not this Angilcan church. Interesting to me,re your Higginson link- many of my own ancestors landed in Salem and Dorch Este

in 1630-1635/
