Dear Nell and John Dore:

The Enquire-Beclure of
the Carroll Mother and Child
brought back vivid memories
The photograph is too lovely! and
also Christmas has preceded
with its wonderful spirit we
must address ourselves to the
business of living and bringing
a little happiness to each other and
there is where both of you shine.

Long after the tinsel and
bright lights have been put away
and long after the paint has
faded from all the wonderful
tops and long after the beautiful
Is the beginning of a little tired,

we have to begin again!
O blessed New Year, bring you
back and keep you healthy
and serene and safe
With the hope of seeing
you later on, I am

Yours affectionately,

Katharine Price
