Dear Dr. Petersen:

I have the recollection of a scribbled letter to you without copy so send this in connection with the brochures as well.

Mrs. Dorr and I have just returned from the Trapp Family Singers' farm and had a most inspiring visit. What a wonderful family it is. I wonder if you have ever met them or even heard them sing. They are a great lesson and challenge to us.

I am sending you ten of the brochures but we shall probably get some more out before long with considerable more in them from Carl Sandburg.

Mrs. Dorr joins me in warmest regards.

Sincerely,

John V. N. Dorr
