Dear Mr. Poling:

Harpers has sent to you for review a copy of the book "Mother and Child", written by my wife, Nell Dorr, which has a publication date of September 22, 1954.

It has been given by my wife to The Dorr Foundation which feels most strongly that it has a message of religious significance and could well spread abroad the real characteristics of one side of America of which we can be very proud.

Faithfully yours,

John V. N. Dorr
