Stassen, head of the Foreign Operations Administration, said Mr. Ladejinsky had been found "eligible for certification for security and loyalty."

Edge-of-Road White Lines

The Connecticut highway authorities reported to-day a decline in accidents on roads where white lines had been painted along outer edges. The idea was suggested by Dr. John Dorr, metallurgical engineer, whose wife told him that headlights on other cars tended to make her swerve towards oncoming traffic or swing dangerously near to the road edge.

Lift Greeting for Judge

When Justice Vincent Lupiano arrived at County Court House, New York, yesterday to be sworn in as a new member of the State Supreme Court he was pleasantly surprised by the greeting in Italian that he re-

Dear Dr. Dorr,

In the absence of John may I thank you on his behalf for the 1955 Dorr-Oliver Diary, and to tell you how much he appreciates this annual gesture.

I enclose a cutting from one of our London "dailies" which I think will interest you

With best wishes

Yours very sincerely
