AIRMAIL March 10, 1955

Mr. W. A. Powe
Horton Building
Obispo y Oficios
Havana, Cuba

Dear Bill:

Further to my letter to you of February 24, 1955.

Your check for $5.00 arrived and we will put it into the Foundation contribution to the work of the organization. Your copy of the book has been forwarded a few days ago.

We have been authorized now to distribute 150 books through the United States Information Agency at their request. We have also guaranteed them an additional amount if the distribution of this first lot makes a greater demand for the book.

You both will be interested in knowing that Mrs. Dorr recently had two separate wives tell her that the book had changed their whole attitude toward motherly and wifely jobs, which is quite a satisfaction.

With kindest regards to you both,

Sincerely,

John V. N. Dorr

P. S. handwritten by Mr. Dorr: "I shall appreciate anything you can do re publicity on the book."
