Mrs. Ray Rockefeller
Kent, Connecticut

My dear Mrs. Rockefeller:

Your courtesy yesterday was very much appreciated and I am taking the liberty of sending you a copy of my wife's book, "Mother and Child", which I know will interest you.

I am also sending you for your husband, under separate cover, some clippings regarding the safety measure I mentioned to you, the White Line, which I am quite sure can be spread through Connecticut if our people can make enough demand for it. It should prove a help to both driving safety and comfort.

Sincerely,

John V. N. Dorr

Under separate cover: "Mother and Child," brochure, County Fair, comments; D. F. Memo #3 and N. Y. Times reprint of January 5, 1955
