My dear Mrs. Talieferro:

I am sending under separate cover a copy of "Mother and Child."

It was a great pleasure to meet someone who has been visiting things with my very bright daughter.

I am just back from a couple of days at the Trapp Family Singers' farm at Stowe, Vermont. They are a unique group and the book telling a story of the family, which I obtained up there, is most interesting. They are rare people.

With kindest regards,

Sincerely,

John V. N. Dorr
