Rev. Ernest H. ~~Sturman~~ Surman
Charleston, West Va.

My dear Mr. Surman:

Your son-in-law, Armour Martin, has just told me of his visit with you and the way you had solved your "Retirement Problem".

I cannot refrain from writing to congratulate you and hoping I may have a chance to meet you.

I am near retirement age myself, but am fussing with several things, including a catalytic Foundation that does some foolish and a few wise things.

I am sending you under separate cover a small book of my wife that tells its own story. I also enclose something on the outside guide line which you may feel like taking up in your area.

With warm regards,

J. V. N. Dorr
