Senator Smith N.J.

My dear Senator:

Thank you for your card for Christmas.

I enclose this card with a story of a book Nell has produced financed by The Dorr Foundation of which I am Chairman. As a speculation in human nature or rather with absolute faith in my own judgment, I am mailing you under separate cover the book referred to in the brochure, to Princeton.

If you like it send a check to the Foundation.

This on the face is scandalous impertinence and done by all sorts of charitable trusts but in this case I have no fears -- following formula" I would sayl "return in 10 days" and money back.
