Dear Dr. Dorr,
My husband and I
wish to thank you
for the wonderful
opportunity you gave
our son last summer
at the Pre-College Science
Center.

Antanas is a freshman
at Fairfield Univer-
sity now, where he studies
chemistry and biology.
The experiences from last
summer are not only some-
thing interesting and beauti-
ful to remember, but they
also prove to be very useful
in Antanas' studies. He
acquired knowledge and
the proper attitude for
which we thank you very much.

Very sincerely yours, Ona Saulaitis.

May you count among
your blessings
Every joy both great
and small

That will make this glad

Thanksgiving

Your most wonderful of all
