Mr. Carl Sandburg  
Connemara Farm  
Flat Rock, North Carolina

Dear Mr. Sandburg:

Harpers have asked whether they could use the enclosed quotation regarding yourself in an additional advertisement of "Mother and Child." I think you will be interested in some of the other comments that have been made. I am sure you are willing to give permission for this.

You will be interested in knowing that the United States Information Agency has asked for 150 copies which the Foundation will send them shortly. They also want to know whether they can get a fairly large additional number if needed. That also has been approved by the Board of The Dorr Foundation.

It was a great privilege to meet you and your wife the other night.

Sincerely,

John V. N. Dorr
