Dear John -

I am so very grateful to you for sending me Mrs. Dorr's beautiful book. I have looked through it & read it many times &

Consider it one of my loveliest possessions. She says doing the book brought her an inner peace & somehow it has that quality - It reaffirms one's belief that no child is ever lost.

I had not heard about the daughter to whom the book is dedicated, & am awfully sorry.

It does seem ages since I've seen you - we have lived in Vermont four years which doesn't seem possible.

Do you ever come here? Most people do - If ever you do come we should love to see you.
