My dear Mr. Smith:

I thank you very much for your good letter of April 23. I am sure that eventually we will want a number of your fine pictures for display purposes in our museum. I will let you know about that later. Just at present, I would like two pictures of Old Tascosa, probably for commercial use. I understand that your rate is three dollars for such pictures. I would like the two that appeared in The Cattleman, showing cowboys at the bar in Tascosa and some of them coming into town in a lope. I am enclosing a check for six dollars to cover these. With very good wishes for the success of your important work, and hoping to have the pleasure of a visit from you here in Canyon at some time, I am

Very truly yours,

J. Evetts Haley.

Field Secretary.
