BONHAM, TEXAS

May 26, 1924.

Mr. Geo. F. Stratton,

Salt Lake City, Utah.

Dear Mr. Stratton :

In reply to your letter of the 21st. wish to state that I am in a position to supply you with most any-thing in strickly range cattle pictures having possibly one of the largest collections of old time range pictures in the country to-day.

It has been the custom of George Pattullo, Andy Adams, Edwin Sabin and others who's articles I have illustrated to send carbon copy M.S. for inspection. In many cases when I have the M.S. it is little trouble to find the right picture for the text.

I have no sheep herding pictures.

All of my pictures are copyrighted and the publishing rate is $~~XXX~~.one dollar for each picture used.

Since you are possibly in a hurry I am sending you pictures along the lines you suggest.

Having been a reader of The Country Gentleman for years your work is of course very familiar to me and I take pleasure in forwarding a few pictures that I hope will meet your requirements.

Yours very truly,
