Tuesday morning-

Dear Miss Siprell:

I am delighted to have been able to produce the Korean lady's name in time for your show! The friend who sent it to me, - Dr. Elizabeth Morris of Wellesley, - was equally delighted to be of assistance, for she is eager to keep the brave Korean people before the eyes and minds of Americans. She was one of a group of educators sent to Japan and Korea at the request of General MacArthur to help in the reorganization of the Korean schools. Since then, she has given a great deal of time to helping the surprisingly large number of young Koreans who are studying in this country. I have met some of her proteges and found them delightful; gay, humorous, intelligent and courageous. So I shall be looking forward to seeing your photograph of Miss Yim.

Cordially,

Mary Barnett Burke

Probably the Siprell photograph is one of Miss Louise Yim, author of "My Forty Year Fight for Korea", early in R.O.K., Minister of Commerce and Industry, now President - I believe - of Choon-ang University in or near Seoul and beside the Han River. I think she was awarded an nonorary doctorate degree in this country in 1955.
