Dear Madam:

Under separate cover we are returning the beautiful set of prints you lent for exhibition during March. We took the liberty of extending the time a bit so as to permit the ninty-odd members and friends who attended our thirty-sixth Reunion, to view the pictures. If you could have been present to hear the universally favorable opinions they expressed, you would not feel at all put out at our course. We sincerely trust that our retaining the photographs has in no way inconvenienced you.

We enclose copies of the announcement of the exhibition, contained in our bulletin "The View Finder"; also a card announcing the "reunion"for which we held over your show.

Thank you again for your allowing us the pleasure of exhibiting and seeing your prints.
