Dear Mr. Cousin – You were so appreciative & complimentary to me entirely for your inability – I was so sorry about Mr. Hemmenskjöld's illness – With this note I am sending a print of the picture I took of Amy Lowell –
Jean ago at the Pen & Brush Club I heard you and watched you as you dealth with one of our literary members who was lecturing you – a few weeks before she was lecturing Countess Cathleen – as I was so glad you were in better trim that night – and you dealt so well and tolerantly – and made me feel I better learn to be a lady –
Sincerely yours
(Miss) Ellen E. Sipprell
