spending anything.
Elizabeth is nice
to me. Love to
you - Grace.

Dearest Clara -

Your letter sounds as if you are
happy. I hope it is no bluff.

The days here are very quiet. We
have no music, no telephone, no
movies and the talk is commonplace.

A friend of Elizabeth's, Mrs Florence Hall,
is here. She has a car with her but
so far we have had only two trips.

Elizabeth's car does not behave very well
as it is an old one. Also she is not
a good driver, out of practice, so the
results are not pleasing. Mrs Hall is
a sensible, capable woman with a
pleasing temperament. She and her
sister live in Palmyra N. Y. and spend
their winters in Florida.

I am enclosing a letter of Eliza's that you may destroy after reading.

Elizabeth invites you to come here.
If you do you can see Mrs Kaufman
as well. If you came before I leave
you might miss out in Thetford.
I am planning to return to New York
by August 20th at the latest. I think
the girls in my apartment leave by
17th or 18th. I'd like to find a two
room apartment because I am afraid
I shall be too crippled to look after
a ten ant next year.

As regards Paul's wife I suggest that
you send her fifty dollars from your
bank account now. If at the end of
the season you have money ahead of the
demands of your rent, you could send
more. Her chairs were probably good ones
and she had the opportunity of a sale.
Now she does not wish to buy others if
she could do so. No you say Baba
