THETFORD, VERMONT

April 2, 1936

Dear Clara:

You are either a Genius, or a perfect medium for telepathic or my good angel.....

When Mamou came from New York I began soon sick with flue. Nothing I wanted then to eat but oranges, and I had a full box of them. After sickness I had a revolution of my taste. I did not wish any sweet at all. even coffee and tea I drank without sugar. Now I want sweet more than usual, - and today a box of biscuits is received....  
Thank you. Sincerely yours

N. Khrabroff
