Mr. Eliot Porter
Route 4, Box 33
Santa Fe, N.M.

Dear Eliot:

Thanks for the box of 121 transparencies received here on Friday.* The accompanying list as checked off against the transparencies leaves me somewhat mystified. I have not had time to check off all the transparencies (and no time to look at any of them), but I notice that some of those dated 1963 are in your list under 1964 and some of those enclosed in the box are not on your list at all. But we can discuss all this when we see you here early in December.

Tomorrow I am having a purely preliminary talk with a very well known publishing firm from the standpoint of distribution.

Sincerely,

Harold
