Dear Mr. and Mrs. Porter:

I have your recent telegram urging an end to the war in Indochina.

I have not yet made a decision as to how I will vote on the Vietnam Disengagement Act of 1971, but I am currently re-evaluating my views. I do believe that Congress must fulfill its obligation to the President and to the people by assuring a prompt and definitive end to American participation in the war.

Thank you for your interest in this matter. Your views will be helpful to me.

Sincerely yours,

Clinton P. Anderson
