A MEMORIAL TO GEORGE EASTMAN TO SHOW THE
PROGRESS IN THE ART AND SCIENCE OF PHOTOGRAPHY

November 20, 1951

Dr. Eliot Porter
R. R. 1, Box 5 B
Santa Fe, New Mexico

Dear Eliot:

The pictures have arrived and they are splendid. I am happy to see the new subjects. We have put twelve of them on display and we plan to put up the others in a few weeks. You see we have special cabinets in the room devoted to color and I am limited to twelve panels. Some time later on it would be grand to have a large exhibition of your work in the Dryden Gallery. We can talk about this a little later.

I have sounded out the magazine Modern Photography and they would be very much interested in such an article as we discussed. May I send some of your pictures to Jackie Judge, the editor, for her consideration? She is used to handling fine photographs so I do not anticipate any of the dreadful things that happen when one sends photographs to other magazines.

I am passing on your suggestion about a jig to people in the Development Department at Kodak.

All best to you and Arline,

Sincerely,

Beaumont
