Dear Dr. Porter:

Please note the enclosed copy of a letter sent to a number of individuals throughout the country who might have good kodachrome 2x2 slides which we could exhibit with an automatic projector at the forthcoming AOU meeting in Madison, September 8-12.

I have a letter from Mr. C. H. Greenewalt, President of Du Pont, in which he states that he has always considered your bird photographs the finest he had ever seen. We are especially anxious to have a sequence of kodachromes from the West and certainly would like to show one or two sets of 30 slides from you if you could loan them to us for this meeting. However, they need not be Western birds.

Thank you for an early reply.

Very truly yours,

Walter E. Scott
