Dear Mr. Porter:

Four years ago I ordered a dye-transfer print from you and it has been a pleasure to my eyes and mind ever since. I would now like to order a print of a photograph appearing in "In Wildness." The photograph shows a forest scene with birch trees, reddish oak leaves, and dark tree trunks covered with lichen and fungi. The photograph appears opposite a quotation dated Nov. 8, 1958.

I would like the print to be about 20x25 or perhaps even 24x30 if this size does not present problems in enlarging or mounting. Please advise on the cost of the above sizes and I will confirm the order and send a check. I would also appreciate receiving the price of 16x20 prints. There are several other prints I would like to order during the next year. Thank you.

Sincerely,
Thomas J. McEachlen
