Dr. Eliot Porter
Route 4, Box 33
Santa Fe, New Mexico 87501

Dear Dr. Porter:

As publishers of The World Book Encyclopedia, we are currently working on an article on plants. I am looking for color transparencies of a beautiful woodland scene in the spring showing spring flowers, mosses, and ferns on the forest floor. I am also interested in close-up shots of woodland flowers. The specific species is not important - I would like a photograph that shows the color and delicate beauty typical of woodland flowers.

Since we are behind our schedule on this article, I would be grateful if you could send your selection as soon as possible.

Thank you for your assistance in our educational endeavors.

Sincerely,

Connie Stevens
