Dear Eliot;-

Just found in my pending box the announcement of Portfolio Two - Iceland. Is one of No. Two available ? If so, please send it to me when it is published.

I don't remember having notice of Portfolio One. When did it appear ? Is one still available ? What was the subject ?

Please keep me posted on any future work. What have you been up to lately ? Did your book on GREEK ANTIQUITIES ever appear ? I have not seen or heard of it and have been watching.

How is Alene ? and what has she been painting ? Has she had any Show in New York ? Do wish we could see you both on your next visit to these parts. Bill Garnett popped in unexpectedly last week and spent a night. He had two magnificent Caousels of color shots from the Aar. He is now on another Guggenheim.

Sally joins me in warmest regards, as ever,

Sincerely,

David
