Dear Mr. Porter:

We have long recognized the special status of Life Membership in the National Audubon Society, representing, as it does, a strong and important nucleus of our membership body. Considerable thought was given to some form of certificate as a visible expression of our gratitude to those who hold this type of membership.

It gives us great pleasure therefore to enclose your own certificate of Life Membership. We hope you will enjoy having this formal evidence of your personal support and involvement in furthering our great objectives.

Sincerely,

Elvis J. Stahr
President
