Dear Mr. Porter:

I saw your letter,
addressed to the clown-like
N. Mex. legislature, in the
N. Mexican & want to tell
you how heartily I agree
with everything you said.
I suppose there will have to
be a real water catastrophe
before those incompetent

ignorant - & I know, thoroughly
venal politicians learn the facts
of environment & ecological limi-
tations.

You, of course, saw the article
in The Dec. 18th (?) New Yorker on
Colonias de S.F. If not, I
have it.

Sincerely,

Gene Sturtevant
