January 2, 1970

Dear Mr. Porter:

You may recall our telephone conversation of about a month ago. I had called at Lu Adler's suggestion and talked with you about the possibility of working for you in 1971.

I am now in Princeton with my family, and after a two-week stint filling in for a French teacher will drive back to Santa Fe. I should arrive there late in January and will telephone you then. You may be interested in looking at my resume before that, so I am enclosing it now.

Best wishes for the new year.

Sincerely,

*Elise Rosenhaupt*
