January 14, 1965

Mr. Eliot Porter  
Route 4, Box 33  
Santa Fe, New Mexico

Dear Mr. Porter:

We are dismayed and embarrassed over the loss of one of your transparencies by the Arizona Republic to whom we loaned them for a feature review, as per my letter of November 20.

The missing picture is AN15-7-2-42 Western Tanager. We have delayed sending the others, hoping they would locate the lost bird, but apparently there is no hope. They will pay for the transparency if you will render a bill to:

Mr. Bud DeWald, Editor  
Arizona Days and Ways  
The Arizona Republic  
120 East Van Buren  
Phoenix, Arizona

We are returning herewith the balance of the transparencies, specifically EK14-3-1-137; EK15-8-2-22; AN15-3-7-7; H15-5-6-2; and AN12-1-2-34. These 5, plus the 44 returned November 20, the Texas Nighthawk sent to the National Geographic, and the missing Tanager, account for the entire lot of 51 loaned for us in the book. *for use*

We regret any inconvenience the loss, or the delay may have caused you.

Sincerely,

*Doug*  
Douglas Peck  
Production Manager
