Dear Mr. Porter:

*Eliot*

Thank you for donating your time and expertise to sit on an evaluation panel recently.

The Arts Commission is asking each panel to become a permanent part of its Advisory Staff. Panel chairmen and their panelists will monitor and supervise the projects which they have recommended for funding--giving advise, evaluating the program and aiding wherever possible.

Your generosity and interest are deeply appreciated; your services will contribute much to our success in the coming fiscal year.

Sincerely,

*Louise*
