Rt. 4 Box 33

Dear Mr. Porter;

I am a freelance writer, mostly for New England publications, YANKEE, etc.

You came here for a Nature Workshop a couple of years ago but a trip to the hospital prohibited me from attending the lecture.

Will you be coming East to lecture this summer ? I would love to do an article on you showing how you have, with your camera, made millions aware of the indelible beauty of nature.

Is this something you would hold still for?

Sincerely
