Dear Howard,

In going over my correspondence on exhibitions I realized that the exhibit on "Color in Art" at the Fogg Museum with the organization of which you were involved must have by now closed.

Several of my photographs were used in that exhibition. If you have no further or immediate use for them would it be possible for you to have them returned to me?

I have received no news about this exhibition but I trust it was a success in arousing public interest in the provocative theme that you outlined to me.

With all best regards,

Elia
