Dear Mr. Porter

My family have several
copies of your lovely book of
Selections and Photographs -

Do you ever come to this
part of the country to show
slides and give a talk?

I belong to a small
garden club, and we are
looking for something very

interesting and special to which
we could invite our husbands.

If we couldn't afford to have
you for and by ourselves -
maybe we could join with some
other group to have you talk
to us, if you are ever available.

Thank you for your
beautiful book. It says things
for us all!

Sincerely yours

Delphine Polk Gatch
