Dear Sirs:

I am sending you by REA Express 19 Riteway 4x5 sheet film holders for repair or replacement. The light traps on all of them leak light to some extent - some much more than others, but since in my experience once a light leak starts it continues to progress to a completely unacceptable degree. Therefore, I do not feel confident to use any of these holders longer.

All of these holders are supplied with the #1644 hard rubber slides. Please make sure that the replacement holders are similarly equipped.

Sincerely,
