Dear Dr. Porter,

In spite of all good intentions I never got around thanking you for the delicious colloquies by Erasmus. I was not the only one being enchanted; quite a number of our guests enjoyed them as well. True, Ecuador is not an easy country to travel in; but I do hope your work will recompense you for all the troubles.

May I wish you and your family a very happy Christmas Holiday Season and a Successful and Peaceful New Year.

Sincerely
Albrecht M. Horneman.
