Dear Mrs. Porter,

Since we each chanced separately
upon this same spot, I couldn't refrain from
sending you a photo of my painting
of it (the photo's not completely accurate -
the developer's fault, of course !!).
During my limited stay in the area, this
spot came to mean the most to me. The
title of my painting is Hidden Brook.

I look forward with anticipation
to the publication of your book, and
your poetry of this region.

Sincerely,
Bernard Krugstein
