Dear Eliot Porter:

The show is up and looks quite nice, the photographs are really overwhelming.

The University of Maine has contacted me and would like to show the work during their summer session, July 6th to August 16th. If you are agreeable to this, I would let them know so that they can release publicity. They will pay express costs as will Eastman House.

I'm waiting to hear from Minor White about the time of your exhibition there, so that you can decide whether you'd like the work returned to you after the exhibition, or whether you'd like it sent directly. Please let me know as soon as possible so I can let the University know.

Mrs. Porter has been into the gallery several times and was so nice to see her. Best wishes.

Sincerely yours,

Bea See
