Dear Sirs:

Last October I wrote to you to send Photo Technique to me at the above address.

I have neither received an acknowledgement to my request nor have I received the November or December copies of the magazine. Perhaps you did not get my letter or perhaps it was misplaced.

I would greatly appreciate receiving these two issues. Even though I was a charter subscriber to the magazine I never received the June issue. Now I have failed to receive two more. This is rather two high a percentage of misses even for a struggling new magazine with all its inefficiencies and lack of experience but McGraw Hill Publishing Co. does not fall in that category. I, therefore, expect more of it.

Yours truly,

Eliot F. Porter
