P.O. Box 33
Rt. 1
Santa Fe, New Mexico

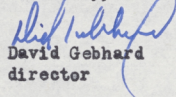

Dear Mr. Porter:

It was most enjoyable to be able to meet you and to be able to have an advanced pre-view of your color photographs which you are exhibiting at the Centerline in Santa Fe. As I indicated to you we would be most interested in having an exhibit of these photographs in our Long Gallery of the Museum. As a suggestion could we have this exhibit in either February or March of next year (1958).

If either of these dates would fit into your plans we will of course make arrangements for transportation and insurance. Perhaps also we might have a public reception, that is if you would be interested.

We would appreciate hearing from you at your earliest convenience as to the dates of the exhibit.

Sincerely,

David Gebhard
