Re: Invoice #R007541  
Custoeer Code 30-000-999

Dear Mr. Schmidt:

I am sending you three transparencies exposed in holder #1284 all of which show fogging of the lower right hand corner. My holders are all numbered so that I can use them in rotation. With 36 double holders each side is reused approximately every 72 exposures. On my last assignment in Greece and Turkey this holder was used three times, the results of which you can plainly see. No other sheets of film were fogged.

I always remove and replace the slides under a focusing cloth.

Riteway holders carry a warranty I understand against such malfunction.

Yours truly,

*Elmer Porter*
