Mr. George D. Culler, Associate Director
San Francisco Museum of Art
Civic Center
San Francisco 2, California

Dear Mr. Culler:

My exhibition of photographs "The Seasons" has been returned to me from the Nelson Gallery and is now ready to reship to you. May I send it collect?

The photographs arrived in a rather dingy condition but I have managed to clean them up. May I ask you to take all reasonable precautions to keep them from becoming soiled again since I shall not be able to go over them between the San Francisco showing and the exhibition at George Eastman House.

When the exhibition in San Francisco is over will you kindly have the show shipped to George Eastman House, 900 East Avenue, Rochester, New York by express collect.

The photographs are arranged in four groups by seasons Spring, Summer, Autumn and Winter. On the back of each mount is pasted a typewritten strip giving the sequence number, which, however, need not be followed exactly if you would prefer to change the order within the groups. There are also six panels of statements from Thoreau; an initial and a concluding statement and one for each season.

Sometimes people wish to order duplicate prints. This should be done by number and title which appear on the back of each mount above the sequence number. The prices are \$50.00 each.

Yours sincerely,

Eliot Porter
